# The Royal Thai College of Obstetricians and Gynaecologists

- Is a part of consortium of postgraduate training institutions of Thailand.
- Our core business is **postgraduate education and continuing medical education in OB-GYN** and related subjects,
- With the strong advocate and support in performance **improvement of OB-GYN services**

# RTCOG Vision

**“Standard and Ethics to improve Women’s Health”**

**Think big, Start small, Act now**

# RTCOCG Objectives

1. Promote education, research and practices in Obstetrics and Gynaecology
2. Promote, support and control standard of practices in Obstetrics and Gynaecology
3. Maintain dignity and unity of members
4. Give advices and recommendations for government in preventing, solving and monitoring medical and public health problems related to Obstetrics and Gynaecology, women's health and fetus.
5. Disseminate health education related to Obstetrics and Gynaecology, women's health and fetus to general population and other organizations
6. Control professional practices in Obstetrics and Gynaecology to conform with standard and Ethical principles

## Global Strategy on HRH: Workforce 2030's milestones

- 3.1 “all countries will have inclusive **institutional mechanisms** in place to coordinate an intersectoral health workforce agenda,”
- 3.2 “all countries will have an HRH unit with responsibility to develop and monitor policies and plans,” and
- 3.3 “all countries will have regulatory mechanisms to promote **patient safety** and **adequate oversight of the private sector**”

# RTCOCG Strategies
